

Team Outer Space

Game: Space Invaders 2

Description: The aliens are attacking again. Your tank must fire vertically at their ships, using shields to take cover from the enemy bombs. There are ways to increase your score and to strategize against the rapidly descending fleet. For example, there is a captain ship, surrounded by many low ranking defenders. Hitting the captain ship temporarily makes your shells more powerful.

Controls: The keyboard controls the game. You can scroll left or right with the arrow keys and fire vertically at the attacking ships using the spacebar.

Objective: The goal of the game is to destroy as many ships as possible.

Game Outcomes: The game is lost if the fleet descends upon the city. The game is won if the entire fleet is destroyed.

Scoring System: Each ship, when destroyed, awards you points. You get bonus points for destroying higher ranking ships in the early stages of the game. High ranking ships are highlighted by color in the game. As the fleet is thinned, their color changes and fewer bonus points become available for destroying them.
